INTERNATIONAL SEARCH REPORT

International application No.
PCT/JP2004/016088

A. CLASSIFICATION OF SUBJECT MATTER Int.Cl7 C12N1/14, A01G7/00, A01G16/00, A01N63/00					
According to International Patent Classification (IPC) or to both national classification and IPC					
B. FIELDS SE	ARCHED				
Minimum documentation searched (classification system followed by classification symbols) Int.Cl ⁷ C12N1/14, A01G7/00, A01G16/00, A01N63/00					
Documentation s	earched other than minimum documentation to the extended	nt that such documents are included in the	fields searched		
	ase consulted during the international search (name of d E (STN), WPI (DIALOG), BIOSIS (DIA		rms used)		
C. DOCUMEN	ITS CONSIDERED TO BE RELEVANT				
Category*	Citation of document, with indication, where app		Relevant to claim No.		
X Y	Yuzo FUJII et al., "Penicilli kara no Ine Imochibyokin Mela Busshitsu", 2001 Nendo Nogei Nishinihon· Chushikoku Shibu Yoshishu (2001), page 8	nin Gosei Sogai Kagakukai Kansai:	1 2-13		
X Y	Yuzo FUJII et al., "Penicilli kara no Ine Imochibyokin Mela Busshitsu -second report-", 2 (Heisei 14 Nendo) Nogei Kagak Koen Yoshishu (2002), page 78	nin Gosei Sogai 002 Nendo ukai Taikai	1 2-13		
Х Y	OKEKE B. et al., Fungal metab active against phytopathogens Environ (1994), Vol.155, No.2	. Sci.Total	1 2-13		
× Further do	cuments are listed in the continuation of Box C.	See patent family annex.			
Special categories of cited documents: "A" document defining the general state of the art which is not considered to be of particular relevance "B" earlier application or patent but published on or after the international filing date		"T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention "X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive			
"L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified) "O" document referring to an oral disclosure, use, exhibition or other means document published prior to the international filing date but later than the priority date claimed		"Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art document member of the same patent family			
Date of the actual completion of the international search 14 January, 2005 (14.01.05)		Date of mailing of the international sear 01 February, 2005			
Name and mailing address of the ISA/ Japanese Patent Office		Authorized officer			
Faccimile No		Telephone No.
